## List of Data Sub-Processors

In accordance with the EU General Data Protection Regulation (GDPR), Apporto discloses the third-party service providers (“sub-processors”) that process personal data on our behalf in connection with the delivery of our services.

## Current Data Sub-Processors

Apporto engages the following sub-processors:

- **Microsoft Corporation** – Cloud hosting, productivity, and communication services.
- **Amazon Web Services, Inc. (AWS)** – Cloud infrastructure and storage services.
- **HubSpot, Inc.** – Customer relationship management and marketing automation.
- **Zendesk, Inc.** – Customer support ticketing and communication platform.
- **Atlassian Pty Ltd (Jira)** – Project management and issue tracking.
- **Sybill, Inc.** – AI-powered meeting intelligence and analytics.

## Purpose and Scope

These sub-processors may process personal data strictly for the purpose of providing their contracted services to Apporto, in accordance with our instructions and under a written agreement that includes GDPR-compliant data protection obligations.

## **Change Notification**

Apporto may update this list from time to time to reflect changes in our sub-processors. When changes are made, we will post the updated list on our website and indicate the “Last Updated” date. Customers may subscribe to receive notifications of such changes upon request.
